SUMMARY:

- Los Angeles-based Frontend Developer with 1.5 years of experience in web development.
- Proficient in JavaScript/TypeScript, React, Git, Angular, HTML, and CSS.
- I specialize in creating functional and user-friendly websites, and aim to contribute to projects by prioritizing ease of use and functionality.
- Achieved Dean's List recognition for multiple quarters, reflecting consistent academic excellence.
- Known for my attention to detail, time management, and critical thinking.
- I strive to deliver high-quality and user-centric web solutions.

EDUCATION

University of California, Santa Cruz

Sep 2020 - Jun 2024

B.S., Computer Science: Game Design

GPA: 3.85

Honors:

UC Santa Cruz Baskin School Of Engineering

Deans List - UC Santa Cruz | Fall/Winter 2020 , Fall/Winter 2023, Winter 2024

EXPERIENCE

Tech4Good

Jan 2023 - Dec 2023

- **Annota V2**
 - Collaborated in a pair programming setting to develop web components based on Figma designs.
 - Ensured precise implementation of designs and responsiveness for mobile views using TS, CSS, and HTML.
 - Utilized Angular directives to create reusable components, enhancing code efficiency and maintainability.
 - Integrated data binding to display accurate information from a Firebase database within the components.
 - Submitted pull requests for code review by team leads, ensuring adherence to standards and best practices.
